

 Patrick R. Ruehle
DDS, PA

 9 Office Staff

 Denton, TX

 Since: 2000

Dr. Pat Ruehle was frustrated by 'drill and fill' dentistry. He decided to implement a new approach to caring for patients, with laser dentistry as the foundation for his practice's growth and differentiation. With his Waterlase, Dr. Ruehle increased production over 40% in the first six months and has never stopped growing. Waterlase reinvigorated his passion for dentistry and helped increase referrals 300%.

ESTHETICS

"Waterlase helps my practice grow and makes dentistry fun. Most importantly, I know I am giving my patients optimal care."

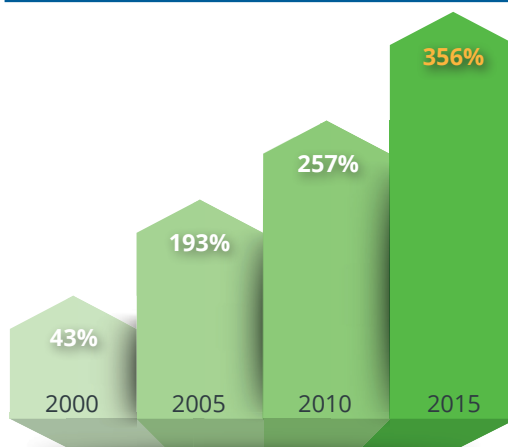

"Efficient, gentle, predictable dental treatment with a unique technology that would change the way patients perceived dental care. I was hooked."

"Production went up 43% in the first six months and has never stopped growing."
