

- Aaron Pryor, DDS
- 10 Office Staff
- Lebanon, TN
- Since: 2017

Dr. Aaron Pryor increased his number of procedures by over **500%** only 4 months after integrating Waterlase Dentistry™ into his practice. As a CEREC® user, Waterlase® quickly provides him clean, dry and bloodless CAD/CAM preparations. It has re-invigorated his and his staff's passion for dentistry while increasing production, and providing a higher standard of care for his patients.

WATERLASE PROCEDURES

- RESTORATIVE
- PERIODONTITIS
- PEDIATRIC
- SOFT-TISSUE SURGERY

"The Waterlase has brought new excitement to my practice and energized my staff. It is a valuable practice-builder for me."

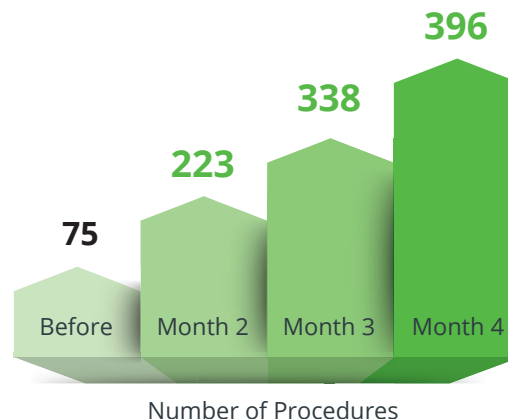

"Waterlase has shortened appointment times for operative dentistry with less invasive preparation. Everyone is very excited when they can have their procedure completed without receiving an injection"
