

 **Mason O. Miner**  
DDS

 **4 Office Staff**

 **Durango, CO**

 **Since: 2014**

Dr. Miner invested in versatile, Waterlase Dentistry™ to improve patient outcomes, but was pleasantly surprised to enjoy a large increase in production and ROI. With Waterlase, treatments are easier, quicker, and patients have less pain and recover faster. His patient satisfaction is now at 99% and with an influx of quality-focused patients specifically requesting treatments by laser, his practice has been revitalized.

## WATERLASE PROCEDURES

**RESTORATIVE**

**PERIODONTITIS**

**SURGICAL**

**PEDIATRIC**

**ENDODONTIC**

*"The laser is the most versatile piece of equipment I have used in dentistry. I will be doing a filling (nearly all the time without anesthetic) and need to modify the gingiva...change a setting...adjust the gingiva...done, and no bleeding... it's like voodoo."*

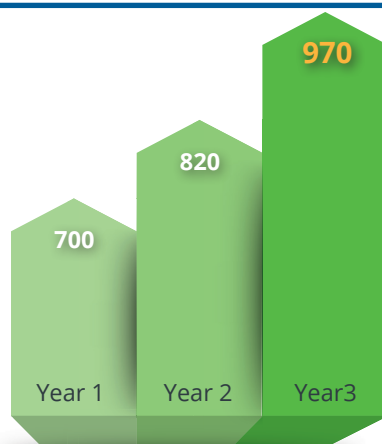

*Dentistry had really become rather boring...once I got the laser, it revitalized me and my practice.*

— Dr. Mason Miner

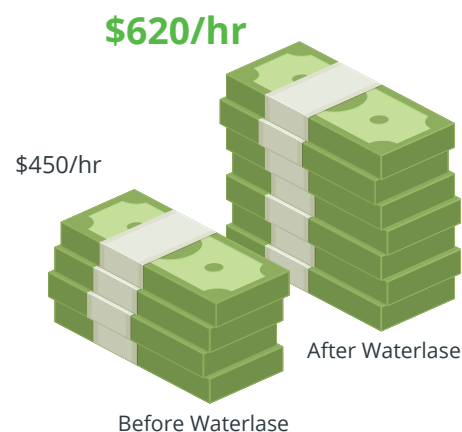

## MONTHLY REFERRALS

## PRODUCTION GROWTH

## HOURLY PRODUCTION

***"The laser opened up a whole new world of dentistry I didn't know existed."* — Dr. Mason Minor**
