

-  Macon Singletary, DDS, MS
-  8 Office Staff
-  Raleigh, NC
-  Since: 2018

Almost immediately after investing in Waterlase® technology, periodontist Dr. Macon Singletary encountered smoother, faster procedures with fewer complications and an increase in referrals, which are now more than double before Waterlase. His patients love the benefit of faster healing with Waterlase and are much more compliant with follow-up appointments.

WATERLASE PROCEDURES

-  PERIODONTITIS
-  SURGICAL
-  PERI-IMPLANTITIS
-  COSMETIC

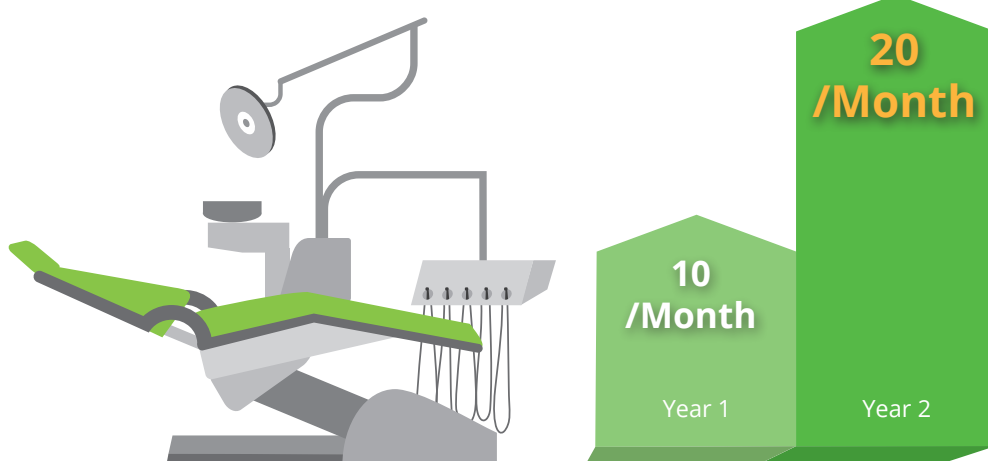

"I have seen the difference in procedures with and without Waterlase. Recovery time is substantially less with the use of the laser, and according to patients, pain is not an issue. It's amazing!"

— Dr. Macon Singletary
